500 Franklin Ave.
Waco, TX 76701

**Weatherization, Comprehensive Energy Assistance Program and EOAC
Facilities
Materials and Labor Bid Packet**

Enclosed is a bid packet for Materials and Labor for Weatherization, Plumbing and Electrical proposals. Pricing of the awarded contracts will be utilized for the following programs; Weatherization (WAP), Comprehensive Energy Assistance Program (CEAP), Community Services Block Grant (CSBG), and programs funded through Head Start and Early Head Start,.

Responders may bid on individual contracts or bid on all three (3) to act as a General Contractor. Please note the bids must be received at EOAC Central Office, 500 Franklin Ave. Waco, TX 76701 **no later than 3:00 p.m. on Friday, January 19, 2024.**

**THE BIDS MUST BE RETURNED IN TWO SEPARATE ENVELOPES AND
CLEARLY MARKED ON THE OUTSIDE.**

For **Weatherization/Facility** place pages 11, 12, 13, 14, 15 16,& 17 of the bid packet into one envelope and clearly marked:

SEALED BID – DO NOT OPEN
Weatherization/Facility Materials and Labor Bid

For **Plumbing/Vented-Space Heaters** place pages 22 & 23 of the bid packet into one envelope and clearly marked:

SEALED BID – DO NOT OPEN
Plumbing Material and Labor Bid

For **Electrical Bids** place pages 24, & 25 of the bid packet into one envelope and clearly marked:

SEALED BID – DO NOT OPEN
Electrical Material and Labor Bid

REFERENCES

References will be verified prior to the bid opening, as specified in the bid packet under Bidder Eligibility. Therefore you need to place the remaining sheets of the bid packet into a second envelope and clearly mark it as:

REFERENCES ONLY

The Sealed Bids will be opened in the public at the EOAC Central Office on **Monday, January 22, 2024 at 10:00 a.m.** All interested parties are encouraged to be present.

ECONOMIC OPPORTUNITIES ADVANCEMENT CORPORATION
Advertisement For
Material and Labor Bids

EOAC in Waco, Texas is soliciting Material and Labor Bids from experienced building construction, HVAC, plumbing and electrical businesses. Experience is relative to the installation of federally eligible Weatherization measures, Comprehensive Energy Assistance Program measures and EOAC Facility repairs and/or equipment replacement. Weatherization and Comprehensive Energy Assistance Program measures extend to dwellings of low-income individuals and families residing in the EOAC nine county service areas which includes: Bosque, Ellis, Falls, Freestone, Hill, Limestone, McLennan, and Navarro. EOAC Facility requirements may extend to facilities located in the EOAC nine county service areas.

Bid packets may be obtained in person during normal business hours at EOAC, 500 Franklin Ave., Waco, Texas 76701, requested by telephone at (254) 753-0331 or downloaded from www.eoacwaco.org. A pre-bid conference will be held at 10:00a.m on Friday January 12, 2024 at the address listed above. Completed bid packets must be received in the EOAC Office no later than 3:00 p.m. on Friday January 19, 2024. Proposals may be mailed to the above address; however, EOAC shall not be responsible for late or delayed delivery. The sealed proposals will be opened at 10:00 a.m. on Monday, January 22, 2024. The final selection process will be based on competitive negotiation for the purpose of selecting sub-contractors. EOAC reserves the right to refuse any and all bids. The Contract may be extended on a yearly basis, up to an additional Four (4) years.

EOAC is an equal opportunity employer

ECONOMIC OPPORTUNITIES ADVANCEMENT CORPORATION

PROGRAM DESCRIPTION:

Economic Opportunities Advancement Corporation (EOAC) is soliciting bids from experienced building construction, HVAC, plumbing and electrical contractors. Experience is relative to the installation of federally eligible Weatherization (WAP) energy conservation measures Comprehensive Energy Assistance Program (CEAP) measures and EOAC Facility repairs and/or equipment replacement in the six (6) county areas including Bosque, Falls, Freestone, Hill, Limestone and McLennan counties.

The Weatherization Program is operated under the rules, regulations, and requirements promulgated by the Department of Energy (10CFR440) and by the state-funding agency, Texas Department of Housing and Community Affairs (TDHCA). The Comprehensive Energy Assistance Program is operated under the rules, regulations, and requirements promulgated by the Department of Energy (10CFR440) and by the state-funding agency, Texas Department of Housing and Community Affairs (TDHCA), Texas Administrative Code Title 10, Chapter 5, Subchapter A, Rule 5.423 (d) (3, 4, 5). Work performed and measures installed must meet all TDHCA standards and be in full compliance with applicable program guidelines and federal, state and local codes.

DESCRIPTION OF WORK:

A. Material & Labor

Using blower door guided air-sealing approaches; the successful bidder will install measures designed to reduce air exchange, to preserve the integrity of the home's thermal envelope, to reduce energy consumption and to ensure the residents' health and safety. Some of the types of measures are listed below:

- Install weather stripping, caulking, and switch/outlet gaskets.
- Replace and/or repair windows and doors.
- Installing storm windows and solar screens
- Repair and/or replace ceilings, exterior and interior walls, and floors
- Insulating attic space, walls and floors
- Venting attic space, installing and/or insulating attic accesses
- Installing Compact Fluorescent Lamps (CFL's)
- Window replacement with Energy Star Window Units
- Refrigerator replacement with Energy Star Refrigerators

B. Plumbing/Vented & Wall Mount Heater Installation (Must be Licensed)

- Installation of Vented Space Heaters
- Installation of Wall Mount Space Heaters
- Replacement of gas/propane & electric water heaters
- Repairs to water supply lines and gas lines/connections to protect weatherization measures
- Insulating water heaters and pipes.

C. Electrical (Must be Licensed)

- Knob and Tube replacement
- HVAC circuit installation
- Major appliance circuit installation
- Service line connection to house

PERIOD COVERED:

EOAC reserves the right to reject any or all bids and/or to cancel this solicitation at any time prior to contract award. Should a contract be awarded pursuant to this procurement, the initial contract period should be 05/01/13 through 4/30/14. At EOAC's option, the contract period may be extended contingent upon contractor's performance and continued program funding, for an additional four (4) consecutive twelve (12) month periods.

BID PRICE:

Material and Labor for customary Weatherization/Facility, HVAC, Plumbing and Electrical work must be in written form and must be submitted on the Material and Labor Bid Sheets, Attachment I. Bid prices must be maintained for the initial contract period described above. Quoted prices shall be the completed price at any work site within the previously described six (6) county areas, and may not include separate packaging, handling, shipping and/or delivery charges or travel expenses.

All quoted materials must meet the Department of Energy (DOE) material specifications, current ASHRAE Standards, HBI/NAHB Plumbing Standards, NFS, ASTM, IAPMO Standards and National Electrical Code and all federal, state and local material specifications. Weatherization material proposals must comply with the minimum standards set forth in the Texas Department of Housing and Community Affairs Materials and Installation Standards Manual (I.S.M.), 2013. The TDHCA I.S.M. is available for review at 500 Franklin Ave, Waco, TX. Documentation related to these standards must accompany this bid and follow Attachment I.

BIDDER ELIGIBILITY:

1. Bid packages, which are incomplete, prices do not tabulate correctly, lack required documentation, or are illegible will be considered non-responsive and will be rejected. Submission must include all referenced attachments and required documents.
2. Bids received after the published deadline shall not be accepted and shall be returned unopened, to bidder. All bids must be submitted to EOAC Weatherization Department at 500 Franklin Ave., Waco TX 76701. The bid must be in a sealed envelope, clearly marked on the outside:

"SEALED BID...DO NOT OPEN" "Weatherization/Facility Materials and Labor Bid"

Or

"SEALED BID...DO NOT OPEN "PLUMBING MATERIAL AND LABOR BID"

Or

"SEALED BID...DO NOT OPEN "ELECTRICAL MATERIAL AND LABOR BID"

Bidder Eligibility Cont'd.

3. Bidders must have at least 3 years of experience in weatherization construction and/or HVAC and/or plumbing and/or electrical. Applicable experience must be documented on Attachment II, Bidder's Experience.
4. Bidders must have the staff, equipment, financial and technical resources needed to effectively perform all required activities specified in the previous Description of Work. Applicable information regarding this criteria shall be recorded on Attachment III, Technical and Financial Resources.

5. Bidders must comply with all applicable federal, state and local laws and regulations, must have adequate general liability and vehicle insurance and may not be on a local, state or federal Consolidated List of Debarred, Suspended and Ineligible Contractors and Grantees. Required documentation is outlined in Attachment IV, Legal and Other Bidder Requirements.
6. EOAC reserves the right to reject any/all bids.

CONTRACTOR SELECTION:

A contract pursuant to this solicitation, if awarded, shall be based on EOAC's evaluation of price, past performance and experience, financial and technical resources and compliance with all legal and other bidder requirements. Specific criteria weighted values are described in Attachment V, Bid Evaluation Sheet.

PRE-BID CONFERENCE:

EOAC will hold a pre-bid conference at 10:00a.m. On Wednesday April 10, 2013 at EOAC's office located at 500 Franklin Ave., Waco, Texas. Attendance is optional, but may be advantageous, as potential bidders will have the opportunity to ask questions and/or seek clarification regarding any and all aspects of this bid process. All questions must be submitted in writing to EOAC at least one day prior to the pre-bid conference. EOAC will provide written responses to all questions for all bidders in attendance at the bidder's conference and by mail, fax, or e-mail to prospective bidders (all who pick up /request a bid packet) not in attendance. EOAC will not respond to any questions after the pre-bid conference.

CONTRACTUAL AGREEMENT STANDARD SPECIFICATIONS & CONDITIONS

The following standard specifications and requirements shall be binding upon the EOAC sub-contractor (if selected) pursuant to this solicitation. These standard specifications and requirements are applicable for Weatherization (WAP), Comprehensive Energy Assistance Program (CEAP), Community Services Block Grant (CSBG), Workforce Solutions for the Heart of Texas Child Care Services and programs funded through Head Start and Early Head Start, Waco Charter School. This document shall be incorporated, by reference, into any contract for Weatherization services, which result from this procurement.

1. EOAC's sub-contractor shall furnish all materials necessary for delivery of services in the EOAC's six (6) county area including Bosque, Falls Freestone, Hill, Limestone, and McLennan for programs listed above. All materials shall meet all current applicable Federal, State and local standards and specifications. Weatherization materials shall comply with the Texas Department of Housing and Community Affairs Materials Installation Standards Manual. EOAC shall not be billed for transportation or delivery costs. Materials shall be new and in good condition. EOAC shall not be charged for items which are damaged prior to or during installation or for wasted materials.
2. All weatherization materials shall be installed in accordance with the standards contained in the TDHCA Weatherization and Mechanical Field Guides. EOAC shall pay only for those materials which meet applicable standards and which are acceptably and properly installed on eligible dwelling units.
3. It is EOAC's intent to secure a quoted price (i.e. bid) for all customary materials and labor. Incidental items not included in EOAC's solicitation (i.e. nails, screws, fasteners, miscellaneous hardware, etc.) shall not be billed to EOAC. Unusual or one of a kind circumstances or development of new (DOE/TDHCA approved) products or materials shall be addressed on a case-by-case or as needed basis.
4. EOAC's sub-contractor shall furnish all labor pursuant to completion of activities in EOAC's six (6) county area. The Subcontractor is required to attend all final inspections in order to correct any work as required by EOAC, funding source and/or Federal/State/local inspection.
5. On-site supervision must be provided. Field staff must be proficient in installing approved measures.
6. For Weatherization, EOAC shall conduct an initial air test (on feasible units) prior to undertaking air-sealing activities and shall conduct and record a final air exchange reading upon completion of the air sealing work. The final air exchange rate must be within the desired air exchange range (and minimum ASHRAE, DOE and TDHCA ventilation requirements must be maintained).
7. Once a job is completed, the sub-contractor must remove all debris from the job site and dispose of it in a proper and responsible manner. The contractor shall take every precaution necessary to protect all existing trees, shrubbery, plants, sidewalks, buildings, vehicles, etc. in the area where work is being done, as well as the building covered by the contract, and shall rebuild, repair, restore and make good at his own expense all injury and damage to same which may result from work being carried on under this contract.

**CONTRACTUAL AGREEMENT
STANDARD SPECIFICATIONS & CONDITIONS
(CONT'D)**

8. The total allowable materials and labor cost per measure shall be determined prior to the sub-contractor beginning. The total dwelling costs for weatherization may not exceed established Program maximums. Change Orders require approval prior to installation of measures or measures will be at sub-contractor's expense.
9. EOAC shall not be charged separately for sub-contractor's cost for job-related transportation, tools or equipment needed to perform work or for disposal of debris removed from the job site, for staff training or for fringe benefits.
10. The sub-contractor is responsible for any job-related illness or injury to workers in his/her employment, and shall indemnify and hold harmless EOAC, EOAC staff, and EOAC clients in the event an on-the-job illness or injury occurs.
11. EOAC's sub-contractor must submit itemized material and labor cost statements for each approved job completed and the statement shall be presented in a format required by EOAC. All work is performed on a reimbursement basis. No draws or advances shall be provided under this agreement. Only when the dwelling unit or facility repair has been completed, EOAC has received the material and labor cost statement, the unit or facility repair has passed the agency's final inspection and EOAC has received the funds from TDHCA or appropriate funding source will payment for the materials and labor be made. Payment will normally be made within 60 days of final agency acceptance. Payment will be made by check and mailed to the address provided by the sub-contractor only.
12. All work assigned pursuant to this contract must be completed in a timely and expeditious manner. EOAC shall provide a work schedule which shall ensure that its contractual obligations to TDHCA for Weatherization are met. Failure of sub-contractor to perform in accordance with said schedule may be grounds for termination of the services agreement.
13. Sub-contractor must correct any bonafide materials and/or workmanship deficiency identified during the agency final unit inspection. Contractor or approved designee must accompany EOAC inspector on final inspections, except when waived by EOAC. Failure to take required corrective action within a reasonable time period (normally 5 working days) may result in termination of this agreement. Measures that require more than two inspections due to the sub-contractor's failure to meet the specified work requirements shall result in each additional inspection being charged to the sub-contractor at the rate of \$200.00 per re-inspection. A money order or cashier's check shall be mailed to EOAC-Weatherization, 500 Franklin Ave., Waco, TX 76701, for these extra charges.
14. Contractor must promptly correct any deficient performances identified by inspections performed by EOAC, Texas Department of Community Affairs (TDCA), Department of Energy (DOE), Federal/State/Local Code Inspectors and/or complaints by the clients for a period of twelve (12) months after date of unit completion. Corrections must be made within 5 days of notification.

**CONTRACTUAL AGREEMENT
STANDARD SPECIFICATIONS & CONDITIONS
(CONT'D)**

15. EOAC's sub-contractor must recognize the special needs and concerns of low-income, elderly and disabled clients and must ensure that clients are at all times treated respectfully and courteously. Sub-contractor and/or staff must conduct themselves in a professional manner at all times.
16. EOAC's sub-contractor must retain all work and cost records for a minimum period of three (3) years after payment for the dwelling unit or facility repair has been made and all other pending matters are closed. This requirement is to assure fair settlement of disputes or complaints that may arise, as well as to fulfill federal audit requirements.
17. Sub-contractor must conform to all Federal, State and Local current material standards, specification and code requirement. For Weatherization, 10 CFR 440, Appendix A to Part 440 - Standards for Weatherization Materials and 2012 TDHCA Material Installation Standards are also a requirement
18. The Weatherization (WAP), Comprehensive Energy Assistance Program (CEAP), Community Services Block Grant (CSBG), Workforce Solutions for the Heart of Texas Child Care Services, Head Start and Early Head Start programs and Waco Charter School are federally funded. Any known or suspected incident of fraud or program abuse involving sub-contractor or the sub-contractor's staff will be reported to the appropriate state or federal investigative body or official.
19. The sub-contractor must meet the following and must provide assurances of the same;
 - a. *Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c* and must provide assurance of same.
 - b. *Equal Employment Opportunity*--Compliance with Executive Order 11246, entitled "Equal Employment Opportunity", as amended by Executive Order 11375, and as supplemented in Dept. of Labor regulation (41 CFR part 60).
 - c. *Davis-Bacon Act, as amended (40 U.S.C. 276a to a-7)*--compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction") for work completed for the Head Start/Early Head Start and Waco Charter School Programs

I HEREBY ACKNOWLEDGE HAVING READ AND CERTIFY THAT I UNDERSTAND AND FULLY ACCEPT ALL THE CONTRACTUAL TERMS AND CONDITIONS WHICH ARE SET FORTH HEREIN AND WHICH SHALL BE INCLUDED IN ANY CONTRACT DOCUMENT EXECUTED PURSUANT TO THIS SOLICITATION.

	Add Dryer Vent	Each			
	Dryer Vent Replacement	Each			
	Bathroom Exhaust Fan	Each			
	Bathroom Exhaust Fan Vented Out - Complete (Including roof jack for roof applications)	Each			
	Bathroom Exhaust Fan Vented Out - Complete (Including gable or soffit vent)	Each			
*	30" Gas Cook Top	Each			
*	36" Gas Cook Top	Each			
*	Cook Stove (Free Standing, Basic, White, Gas Only)	Each			
	30" Vent a Hood (Only)	Each			
	36" Vent a Hood (Only)	Each			
	30" Vent a Hood (Includes pipe, roof jack & cap)	Each			
	36" Vent a Hood (Includes pipe, roof jack & cap)	Each			
	Vent a Hood Vent (Includes roof jack & cap)	Each			
	Wall outlet covers	Each			
	PLUMBING REPAIR MEASURES				
	Bath vanity w/sink	Each			
	Bath sink faucet	Each			
	P-trap	Each			
	Bath tub	Each			
	Tub surround	Each			
	Bath tub faucet	Each			
	Shower unit	Each			
	Water heater pan	Each			
	Cold/Hot water supply line	Ln. Ft.			
	Vent hot water heater *(all materials inclusive)	Each			
	Pop-off valve	Each			
	Pop-Off Drain pipe	Each			
	Fresh air return (4" pipe)	Each			
*	3" double wall vent pipe	Each			

ATTACHMENT I – WEATHERIZATION/FACILITY MATERIAL & LABOR BID SHEET (con'td)					
	PLUMBING REPAIR MEASURES (cont'd)	Unit	Material	Labor	Total
	Boot/jack/cap	Each			
	Small leak repair	Each			
	Toilet-includes wax ring, flush kit & accessories	Each			
	Outlet/Continuous waste (drain pipe)	Ln. Ft.			
	ADDITIONAL REPAIR ITEMS				
	Dryer/electric water heater cord	Each			
	Water seal	Per Qt.			
	Water seal	Per Gal			
	Window glaze	tube			
	3 or 4 ft. down rod (ceiling fan)	Each			
	Energy star ceiling fan	Each			
	Storm doors	Each			
	H D extension cord	Each			
	Flush mount energy star ceiling fan	Each			
	Kilz	Per Qt.			
	Kilz	Per Gal			
	Kitchen counter top w/cabinets (6 foot section)	Each			
	Kitchen sink faucet	Each			
	Screen doors	Each			
	Paint interior/exterior	Per Qt.			
	Paint interior/exterior	Per Gal			
	Custom trim	Ln. Ft.			
	TOTAL MATERIAL & LABOR BID

ELECTRICAL MATERIAL AND LABOR BID SHEET (40 Points)

ALL MATERIALS MUST MEET OR EXCEED

10 CFR 440, Appendix A to Part 440 - Standards for Weatherization Materials

ANSI/ASTM Standards	Description	Unit Measure	Material Price Per Unit	Labor/Install Price Per Unit	Total Bid Per Unit
	Knob & Tube Replacement Per the Following				
	Bedroom (includes 2 plugs, light and switch)	Each			
	Bathroom (includes light and switch)	Each			
	Living Room (includes 2 plugs, 2 light and 2 switches)	Each			
	Dining Room (includes light and switch)	Each			
	Den (includes 2 plugs, light and switch)	Each			
	Kitchen (includes, Ref, Stove, plug, light and switch)	Each			
	Utility (includes washer, dryer, light and switch)	Each			
	Meter Base & Breaker Box				
	200 AMP Breaker Box (Including moving existing services)	Each			
	100 AMP Breaker Box (Including moving existing services)	Each			
	Meter Base w/ Main Panel	Each			
	Standard Circuit Material Includes wire, breaker, box, switch and/or receptacle and cover				
	10 Ln Ft 20 Amp Circuit	Each			
	20 Ln Ft 20 Amp Circuit	Each			
	30 Ln Ft 20 Amp Circuit	Each			
	40 Ln Ft 20 Amp Circuit	Each			
	50 Ln Ft 20 Amp Circuit	Each			
	10 Ln Ft 30 Amp Circuit	Each			
	20 Ln Ft 30 Amp Circuit	Each			
	30 Ln Ft 30 Amp Circuit	Each			
	40 Ln Ft 30 Amp Circuit	Each			
	50 Ln Ft 30 Amp Circuit	Each			
	20 AMP Breaker (single pole)	Each			
	30 AMP Breaker (single pole)	Each			
	40 AMP Breaker (single pole)	Each			
	20 AMP Breaker (double pole)	Each			
	30 AMP Breaker (double pole)	Each			
	40 AMP Breaker (double pole)	Each			
	50 AMP Breaker (double pole)	Each			
	60 AMP Breaker (double pole)	Each			

ATTACHMENT I – C ELECTRICAL MATERIAL AND LABOR BID SHEET (cont'd)

	Misc. Electrical				
	Light Switch Replacement (switch only)	Each			
	110V Receptacle Replacement (receptacle only)	Each			
	220V Receptacle Replacement (receptacle only)	Each			
	Basic Light Fixture (includes CFLs)	Each			
	Basic Porcelain Keyless Light Fixture	Each			
	Junction Box w/ cover	Each			
	Junction Box Cover	Each			
	Weatherproof Single Gang Receptacle	Each			
	Weatherproof Exterior Light Fixture Box	Each			
	Weatherproof Exterior Light Fixture	Each			
	Energy Star Ceiling Fan (flushmount)	Each			
	3' - 4' Ceiling Fan Down Rod	Each			
	13w CFLs	Each			
	Smoke Detector Hardwired w/ Battery Backup (all inclusive)	Each			
	Disconnect for Water Heater	Each			
	Electrical Water Heater Cord	Each			
	HVAC Service Items				
	AC Disconnect	Each			
	AC Whip	Each			
	10 Ft 30 AMP AC Service w/ Disconnect	Each			
	20 Ft 30 AMP AC Service w/ Disconnect	Each			
	30 Ft 30 AMP AC Service w/ Disconnect	Each			
	40 Ft 30 AMP AC Service w/ Disconnect	Each			
	50 Ft 30 AMP AC Service w/ Disconnect	Each			
	Fresh Air System				
	Broan Smart Sense Ventilation Fan (SSQTXE080)	Each			
	Broan Smart Sense Ventilation Fan (SSQTXE110)	Each			
	Hourly Charge	Each			
	TOTAL MATERIAL & LABOR BID

ATTACHMENT II
WEATHERIZATION/FACILITY MATERIAL & LABOR
BIDDER'S EXPERIENCE & INTEGRITY (25 POINTS)

A. YEARS OF EXPERIENCE

_____ Number of years experience you/your company has in construction and/or weatherization work.
Please attach information, which can be used to verify your experience. (1 pt. will be awarded for each year of experience up to a maximum of 4 pts.)

B. RECORD OF PAST PERFORMANCE

List below the names, addresses and phone numbers of 3 previous clients as references for whom you/your firm have performed construction and/or weatherization activities in the past 12 months. (maximum of 21 pts). No points will be awarded for references, which cannot be verified, or who indicate that the work performed or staff conduct was unsatisfactory. Listed below are the questions that will be asked of each reference and the point value attached to their response:

Question #1: Which of the tasks below were performed? 1 pt.			
Ref.#1	<input type="checkbox"/> Insulation	<input type="checkbox"/> Replace doors/windows	<input type="checkbox"/> Air infiltration
Ref.#2	<input type="checkbox"/> Insulation	<input type="checkbox"/> Replace doors/windows	<input type="checkbox"/> Air infiltration
Ref.#3	<input type="checkbox"/> Insulation	<input type="checkbox"/> Replace doors/windows	<input type="checkbox"/> Air infiltration
Question #2: Please rate the quality of work completed. Was the quality			
Very Good – 3 pts. Good – 2 pts. Fair – 1 pt. Poor – 0 pts.			
Ref.#1	<input type="checkbox"/> Very Good	<input type="checkbox"/> Fair	<input type="checkbox"/> Good
Ref.#2	<input type="checkbox"/> Very Good	<input type="checkbox"/> Fair	<input type="checkbox"/> Good
Ref.#3	<input type="checkbox"/> Very Good	<input type="checkbox"/> Fair	<input type="checkbox"/> Good
Question #3: Was the contractor timely in completing projects? Yes – 1 pt. or No – 1 pt.			
Ref.#1	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#2	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#3	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Question #4: Would you contract with this individual again? Yes – 1 pt. or No – 1 pt.			
Ref.#1	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#2	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#3	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Question #5: Was the contractor (contractor's staff) courteous and respectful? Yes – 1 pt. or No – 1 pt.			
Ref.#1	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#2	<input type="checkbox"/> Yes	<input type="checkbox"/> No	
Ref.#3	<input type="checkbox"/> Yes	<input type="checkbox"/> No

**ATTACHMENT III
WEATHERIZATION/FACILITY MATERIAL & LABOR
TECHNICAL & FINANCIAL RESOURCES (15 POINTS)**

TECHNICAL RESOURCES: (15 points)

- A. List your name and the name of one other individual who will be personally either supervising or installing Weatherization measures on a homes. 5 points for each individual listed with experience.

NAME #1: _____ Yes No

Do you have Weatheration and construction experience? _____ _____

Do you have experience in blown Insulation? _____ _____

If yes, how many years? _____

Have you performed insulation services in Weatherization homes before? _____ _____

Do you have experience in Safety Standards to Health Hazards of Blown Insulation? _____ _____

NAME #2: _____

Do you have Weatherization and General Construction experience? _____ _____

Do you have experience in blown Insulation? _____ _____

If yes, how many years? _____

Have you performed insulation services in Weatherization homes before? _____ _____

Do you have experience in Safety Standards to Health Hazards of Blown Insulation? _____ _____

- B. Would you be able to submit a computerized billing in spreadsheet form? 1pt. _____ _____

- C. Have you been responsible for the paperwork involved with accounting for materials and inventory for either a Weatherization program or construction business? If yes, please describe your experience. 2pts.

_____ ☐ ☐

- D. Do you own your own tools and equipment that would allow you to effectively weatherize homes in our six county areas? 5 pts. ☐ ☐ ☐ Yes No

- E. Experienced in commercial construction and building repair/maintenance? 5 pts. Yes No

**ATTACHMENT III
WEATHERIZATION/FACILITY MATERIAL & LABOR (cont'd)**

FINANCIAL RESOURCES: 10 Points

Yes No

- A. Are you willing to provide proof of the required general liability insurance? 1pt. _____ _____
- B. Can you provide documentation that you have a minimum line of credit of at least \$10,000 for up to 90 days. If yes, attach documentation. 2pt _____ _____
- C. Are you willing to wait 60 days after final inspection to receive payment by mail to address provided by sub-contractor? 1pt. _____ _____
- D. List two trade references that you or your firm have purchased materials from within that past 12 months. The following two questions will be asked of each reference. No points will be awarded if references cannot be contacted, so you may list additional references under the optional section.

Question 1 - "Would you characterize this firm (or individual) to be honest, fair, and responsible"? (Please answer below) 2 pts.

Question 2 - "Have you, or would you extend credit to this individual? 4pts.

LEGAL AND OTHER BIDDER REQUIREMENTS**

- 1. The successful bidder for each contract will be given 5 days to provide EOAC with a copy of the firm's;**
 - a. Comprehensive general and automobile liability insurance, or insurance carrier's letter of certification, required for all contracts.**
 - b. Texas Worker's Compensation System proof of coverage. Non-subscribers must, if awarded the contract, sign the Texas Workers Compensation Commission Joint Agreement to affirm independent relationship for certain building and construction workers form, required for all contracts.**
 - c. Environmental Protection Agency (EPA) LEAD-SAFE CERTIFIED FIRM certificate. If not certified, proof of application to become certified and must provide the LEAD-SAFE CERTIFIED FIRM certificate within 5 days of receiving the certificate. Required for successful Weatherization/Facility Material & Labor and Plumbing Material & Labor bidder.**
 - d. Lead-Safe Certified Renovator certificate for Project Managers, Jobsite Supervisors or Crew Leaders. Required for successful Weatherization/Facility and Plumbing Material & Labor bidder.**
 - e. Occupational Safety and Health Administration (OSHA) 10-hour OSHA training course certificate for all non-supervisory employees. Required for all contracts.**
 - f. Occupational Safety and Health Administration (OSHA) 30-hour OSHA training course certificate for all supervisory employees. Required for all contracts.**

Should the successful bidder not be able to provide this information, the bidder scoring the 2nd highest points will be contacted.

- 2. Provide a notarized statement attesting that the firm is not listed on any federal, state or local (i.e. GSA/HUD/GAO) list of debarred, suspended and ineligible contractors and grantees.**
- 3. Provide a notarized statement attesting that the firm complies with the Department of Labor Fair Labor Standards Act and that the firm meets all equal employment, affirmative action and non-discrimination regulations.**
- 4. The successful bidder must provide EOAC with documentation that all materials to be used in the Weatherization program comply with DOE Standards. Receipt of this documentation is a condition that must be met before EOAC will sign the contract with sub-contractor.**
- 5. Documents to be submitted (in the order listed) with the bid package:**
 - A. Signed copy of contractual requirements**
 - B. Attachment I – Materials and Labor Bid Sheet**
 - C. Attachment II - Bidder's Experience & Integrity**
 - D. Attachment III - Bidders Technical and Financial Resources**
 - E. Attachment IV – Notarized "Debarment" Statement and notarized "Labor Standards"**
